For warmth your son should bring a fleece jacket to put under his red jacket. It CAN NOT show outside the red jacket. We will have gloves to wear while on duty if it is cold. The fleece must be a zip up and NO hood. (no pullovers) Red color is the best in case parts slip out. It MUST NOT show. One good idea is to go to Goodwill or something like that and buy a zipup hoodie and cut off the hood. This is an easy and inexpensive way to get the warmth.
