For warmth your scout can bring a fleece jacket to put under the blue jacket. It CAN NOT show outside the jacket. We will have gloves to wear while on duty if it is cold. The fleece must be a zip up and NO hood. (no pullovers) Navy blue color is the best in case parts slip out. It MUST NOT show. One good idea is to go to Goodwill or something like that and buy a hoodie and cut off the hood. This is an easy and inexpensive way to get the warmth.
